1. Attached is a list of classified documents which was prepared in response to the Executive Director-Comptroller's memorandum of 4 April 1972.

2. The list above is not classified and could be examined by IBM.

3. We have assigned to our Security Officer the task of reviewing these documents and judging whether they can be declassified or, if not, sterilized to suit IBM's purposes.

4. The approach to dealing with this problem which you suggest in your memorandum seems feasible to us. The document titles should be adequate for IBM's purposes, but our Security Officer will prepare a brief summary of each document if further context clarification is required.
